### MATERIAL SAFETY DATA SHEET

Version :01

### **PRODUCT NAME: 1-OCTENE**

CAS Number: 111-66-0

1. IDENTIFICATION:		
Product Code	:	96106
Company Name	:	ADVENT CHEMBIO PRIVATE LIMITED
Address	:	W-279, MIDC, TTC INDUSTRIAL AREA, THANE-BELAPUR ROAD, RABALE, NAVI MUMBAI - 400 701.
E-mail	:	sales@adventchembio.com
WEBSITE	:	www.adventchembio.com
Company Phone Number	:	022-27690837

### 2. HAZARDS IDENTIFICATION:

Hazard classification		
Physical hazards		
Flammable liquids	Category 2	
Health hazards		
Aspiration hazard	Category 1	
Short-term (acute) aquatic hazard	Category 1	
Long-term (chronic) aquatic hazard	Category 1	
Labels elements		
Hazard symbol		
Signal word	Danger	
Hazard statement	Highly flammable liquid and vapor. May be fatal if swallowed and enters airways. Very toxic to aquatic life with long lasting effects.	
Precautionary statement		
Prevention	Obtain special instructions before use. Do not breathe dust/ fume/ gas/ mist/ vapors/ spray. Do not handle until all safe precautions have been read and understood. Wear protective gloves/ protective clothing/ eye protection/ face protection. Keep away from heat/ sparks/ open flames/ hot surfaces. No smoking. Keep container tightly closed. Ground/ bond container and receiving equipment. Use explosion-proof electrical/ ventilating/ lighting/ equipment. Use only non-sparking tools. Take precautionary measures against static discharge.	ety
Response	IF exposed or concerned: Get medical advice/ attention. IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with wate shower.	er/

media				
Specific hazards arising from the chemical	Vapors may cause a flash fire or ignite explosively. Vapors may travel considerable distar to a source of ignition and flash back. Prevent buildup of vapors or gases to explos concentrations. Vapor from the solvent may accumulate in container headspace resulting flammability hazard. Heat may cause the containers to explode.			
Special protective equipmen	d precautions for firefighters			
Special firefighting procedures	Move containers from fire area if you can do so without risk.			
Special protective equipment for fire-fighters	Firefighters must use standard protective equipment including flame retardant coat, helr with face shield, gloves, rubber boots, and in enclosed spaces, SCBA.	net		
6. ACCIDENTAL RELEASE M	URES:			
Personal precautions, protective equipment and emergency procedures	ELIMINATE all ignition sources (no smoking, flares, sparks or flames in immediate are Avoid breathing mists or vapors. Keep upwind. Ventilate closed spaces before enter them. Do not touch damaged containers or spilled material unless wearing appropri protective clothing. Keep unauthorized personnel away.	ring		
Methods and material for containment and cleaning	Eliminate all ignition sources if safe to do so. Use only non-sparking tools. To precautionary measures against static discharges. Stop leak if possible without any r			
up	Absorb spill with vermiculite or other inert material, then place in a container for chem waste. Clean surface thoroughly to remove residual contamination. Dike far ahead of lar spill for later recovery and disposal.			
Notification Procedures	Prevent entry into waterways, sewer, basements or confined areas. Inform authoritie large amounts are involved.	s if		
Environmental precautions	Do not contaminate water sources or sewer. Prevent further leakage or spillage if safe to so. Avoid discharge into drains, water courses or onto the ground.	do		
7. HANDLING AND STORAG				
Precautions for safe handling	Do not handle until all safety precautions have been read and understood. DO NOT hand store or open near an open flame, sources of heat or sources of ignition. Protect mate from direct sunlight. Take precautionary measures against static discharges. Ground/be container and receiving equipment. Use explosion-pr electrical/ventilating/lighting/equipment. Use only non-sparking tools. Wear protect gloves (protective clothing /eve	erial ond oof		

Conditions for safe storage, Ke including any we incompatibilities : sp

gloves/protective clothing/eye Protection / face protection. Avoid contact with eyes, skin, and clothing. Do not breathe mist or vapor. Use only with adequate ventilation. Wash hands thoroughly after handling. Keep away from food, drink and animal feeding stuffs. Keep container tightly closed in a dry, well-ventilated place. Ground container and transfer equipment to eliminate static electric sparks. Comply with all national, state, and local codes pertaining to the storage, handling, dispensing, and disposal of flammable liquids.

	PERSONAL PROTECTION:				
Control parameters					
Appropriate engineering					
controls	No data available.				
Individual protection measu	ures, such as personal protective equipment				
General information	<ul> <li>Good general ventilation (typically 10 air changes per hour) should be used. Ventilation rates should be matched to conditions. If applicable, use process enclosures, local exhaus ventilation, or other engineering controls to maintain airborne levels below recommender exposure limits. If exposure limits have not been established, maintain airborne levels to acceptable level. An eye wash and safety shower must be available in the immediate wo area. Use explosion-proof ventilation equipment.</li> </ul>				
Eye/face protection	Wear safety glasses with side shields (or goggles).				
Hand protection	Chemical resistant gloves.				
Other	. Wear suitable protective clothing.				
Respiratory protection	In case of inadequate ventilation use suitable respirator.				
Hygiene measures	Always observe good personal hygiene measures, such as washing after handling the material and before eating, drinking, and/or smoking. Routinely wash work clothing and protective equipment to remove contaminants. Provide eyewash station and safety shower. Avoid contact with eyes, skin, and clothing.				
9. PHYSICAL AND CHEMIC	CAL PROPERTIES:				
Appearance	: Clear, Colourless liquid.				
Odor	: No data available.				
Solubility	: No data available.				
Formula	: C <sub>8</sub> H <sub>16</sub>				
Molecular Weight	: 112.22 g/mol				
Density	: 0.713 - 0.717 g/ml at 20°C				
рН	: No data available.				
% Volatiles by volume @ 21C (70F)	: No data available.				
Boiling Point	: No data available.				
Melting Point	: -101,7 °C				
Flash Point	: 10 °C				
Vapor Density (Air=1)	: 3.9				
vapor Density (AIT-1)
